JUDGE JOEL TERRELL LANDS KNOCKOUT BLOW

Judge Joel Terrell rendered a decision from the bench Wednesday which will largely aid the officers of the law in securing actual prohibition enforcement.

The prohibitionists are delighted, the exponents of street law enforcement approve and the gentleman who occasionally conveys a vial of illicit goods around on his person will understand that he is as guilty as the whiskey peddler.

The case in point, "The State against Will Davis." It developed during the trial that the defendant had purchased a pint of whiskey from alleged unknown peddler, the transaction being concluded in the rear of a building on a side street in Ada, and that defendant, with whiskey in pocket, had then proceeded to and down Main street to a point where he was arrested by the sheriff.

The result of the trial of the case depended on the court decision as to the law. Therefore, the trial of the defendant was before the court and without jury.

Judge Terrell, after hearing the testimony, found the defendant guilty of having carried whiskey illicitly purchased from one part of the state to another part of the state and assessed his punishment at thirty days in jail and seventy-five dollars fine.

THINK HE'S STILL IN THE RING

Oklahoma City, Nov. 24.—Governor Haskell does not regard the results of the last election as in any way eliminating him from the national or state politics.

"The republican newspapers of the state have been busy eliminating me ever since I was a candidate for governor, and thus far have not made much progress," said Haskell. "I have been in politics all my life and even were I to return to private life at the end of my term as governor I should always take an active interest in politics."

"Above all, I shall have to make a living for myself and family, which, with the present demands upon me, is a matter of some difficulty with the governor's salary."

"Do not understand me to say that I am seeking office after my term as governor expires. I merely mean that I am now in the same state of mind about the future as I was before the election. If affairs shape themselves so that the party and the state believes that I can serve them and the sacrifice up on my private affairs is not too great I will be willing to take up the fight for good government at any time."

WAIVED PRELIMINARY HEARING

Chy Marshal Putnam, who shot Clarence Lee and whose death later resulted from the wound, appeared before Esq. Brown in Ada today and entered a plea of not guilty and waived a preliminary hearing.

Last Saturday, Clarence Lee was raising a disturbance at Allen, and when Marshall Putnam attempted to arrest him, resisted. In the scuffle, each had possession of the officer's pistol, but Putnam finally secured it and shot Lee through the body just below the heart, from which he died next day.

The witnesses from Allen today, in the Putnam case were as follows: Prof. A. D. Balton, Jim Story, John Miller, W. N. Jones, Sweetman, D. D. Clauson.

Putnam was bound over to the grand jury in the sum of \$2,000, which bond he readily made.

Fire Loss Settled.

J. H. Sumpter whose stock of goods was burned recently at Frisco station on the O. C. was in Ada today to effect a settlement of his insurance. The stock was insured for \$3,000, but owing to the shape to his books he received only \$2,000 insurance.

The store house which belonged to Gov. Byrd, was insured for \$500, but that has not yet been settled.

Rock asphalt, such as is in stone throwing distance of Ada, is said to make the finest paving material of anything. With unlimited asphalt and cement rock surrounding us, not only the streets can be paved, but the roads Macadamized.

General prosperity is alright, and it is necessary to instill confidence but each and every community, town, city and state, must do its own work of material development. If local improvements are made, local industries sustained, local institutions patronized, local prosperity will be the result.

If Ada has grown to its present gratifying proportions when only a small per cent of the farming land surrounding it was cultivated, what will be the result when nearly all of it will be well tilled? And again, the cement plant and lesser industries will be constantly expanding, while new ones will be added. Then, still further, the paving of streets, building sidewalks, constructing public buildings and private investments necessitated by these changed conditions, will more than double Ada's population in two years or less.

One consolation Tom Johnson will have, and that is that while he is broke, and must give up his palatial Euclid avenue home and automobiles, there are a few people who were never able to own a palatial home or an automobile. Tom will have plenty of company.—Oklahoma City Times.

Mayor Tom Johnson has proven that he is a philosopher—as well as nervy. He does not whine, but says that he will enjoy life to again be in a cottage, as he did when living there before. It takes a big man to lose as does Tom Johnson, and those kind of men will not stay down long. It is unfortunate that such men have to be heavy losers, but it affords an example of courageous manhood that benefits mankind.

PRESS COMMENT.

It is to be hoped that the most talkative of our new state solons will exhaust their over-charged vocabularies on their constituents at home and not in the legislative galleries in Guthrie.—Shawnee Herald.

Bob Ingersoll is reported once to have said that he would believe in hell whenever Missouri went republican. If the gentleman has not already learned that there is a hell he can now take it as an assured fact, for it is hell whenever Missouri goes republican.—Durant News.

MEN'S HONOR SAVED.

A Man Found Who Will Crush Arrogance and Lead to Certain Victory.

To the Editor of the Daily News.

Dear Sir:—On yesterday, the Sons of Adam were shamefully, unmercifully and outrageously slandered through the columns of your paper by the fair daughters of Mother Eve, and if you will be so kind as to give us space, we wish to make reply and resent the extravagant and preposterous statements which were calculated to destroy our honor, fame and reputation and drag us down in the miry clay of humiliation.

Now, the Sons of Adam duly assembled do unhesitatingly accept the saucy challenge made by the Daughters of Eve and court a speedy decision of the same. We are aware of the fact that they very modestly (?) boast of how they can spell. That what they do not know has been torn out of the speller, but to hear their orthoepy no fair-minded person would hesitate to say that it was foreign to any modern speller and would of necessity be torn out of the book as such words and spelling never occur between the lids of any modern speller. No, not even as modern as "Webster's Old Blue Back." Their spelling is so antiquated that even old Mother Eve would blush with shame to know that her fair daughters were perpetuating a non-sensical thing like that.

Quoting from yesterday's News: "One energetic young woman who can spell can down a hundred good-for-nothing fellows who can't spell."

Notice the wording. It is an acknowledgment within itself the absurdity of their unmitigated statements. Where, O, where, is she, the gifted one who can work such wonders amidst the masculine gender and can utter one phrase without an idle word or exaggeration? Not quoting from the Apostle Paul. Women without idle words and exaggerations are dead. Also show me a woman without idle words and I will show you 10,000 with both.

Send around your energetic young woman (who can spell)? Whom the serpent hath beguiled and tempts man to partake of the forbidden fruit. We are prepared not to take our "Waterloo," but to be heroes in the strife. No such word as "defeat" in our speller. We realize that the daughters will continue to cross their fingers after they are unable to speak "scissors" but that is unavoidable.

Sincerely yours,

THE MEN.

P. S. This cause is a laudable one and is worthy of attention as our children should have pure water to drink at school. As stated the price of admission is 10c. (The men who will not spell 15c. Women who will not spell 25c.)

FATHERS.

Important Notice.

To the Taxpayers of Pontotoc County, Oklahoma:

You are hereby notified that the tax rolls will be opened Dec. 1st to receive taxes due the county, state and incorporated towns of the county. A penalty of 18 per cent will be collected together with sheriff costs (if placed in his hands), after January 15th, 1908. Parties owning real estate will please bring with them the number of their lots and block and section, number of your land when paying taxes.

Do not leave the county without paying your taxes if you do, we will follow you with a warrant as the law directs, no matter where you go, and you will have extra costs to pay.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. GRAND LEADER

AN ELEGANT ENTERTAINMENT.

Ada Ladies of Angelo Grove No. 42 Do Themselves Proud.

Supreme Guardain, Mrs. Emma B. Manchester of Omaha, Neb., and Mrs. M. G. Meadows, state manager of Oklahoma, were entertained Saturday evening by Angelo Grove No. 42 of Ada.

Early in the evening, a splendid gathering met in Odd Fellows' hall to greet the distinguished visitor, and among the Groves represented from other towns were: Roff, Center, Konawa and Stonewall.

Supreme Guardian showered many compliments on Oklahoma's great increase in the past few years, an increase from a little more than 300 to more than 4,300 in the state of Oklahoma, and the entire order numbering a mighty host of 60,000 and a surplus of \$1,000,000.

The distinguished visitor paid many compliments to the good work done by the state manager, Mrs. M. G. Meadows and declared that as an organizer and worker she had no equal, and congratulated the order in state of Oklahoma on their peerless leader.

After addresses were made by several of the visitors, a splendid musical program was rendered and delightful refreshments were served.

The visitors left Sunday for Shawnee and Oklahoma City.

STATUS OF THE RODDIE CASE.

It Is Virtually Dismissed in Justice's Court.

Oklahoma City, Okla., Nov. 23.—"Continued indefinitely," is the entry after the name of State vs. Senator Roddie, of Ada, on the books in a local justice's court.

This is accepted as an admission that the alleged charge of embezzlement brought against Roddie by a local insurance agent for whom Roddie worked some months ago, will never be brought to trial.

Roddie is demanding immediate trial.

The published statement that he was pinched at a legislative banquet here a few night ago, is an error. Roddie voluntarily went before a justice unescorted by an officer, and unknown to them, and made bond, asking that he be given a speedy trial. On the day the case was to be heard a continuance was asked for by the state.

The charge preferred against Roddie is the result of a disagreement between him and the state agent for a life insurance company. The accounting of money for policies is said to be the basis, although the complaint itself does not specify any particular item, merely charging embezzlement.

Several damage suits are liable to grow out of the case, as Roddie insists that he has evidence to prove that it is merely a case of persecution on the part of a jealous insurance agent with whom he was once connected in a business capacity.

Monday afternoon at Mrs. Chauncey's residence, the ladies of the Home and Foreign Mission Societies joined in a Thanksgiving service.

An unusually interesting program was rendered, making the hour one of pleasure and profit.

A short business session was held, after which the guests were agreeably surprised (not much surprised at Mrs. Chauncey's either) when they were served with delightful cake and fruit gelatine with whipped cream.

The ladies agreed that on Tuesday night, Dec. 1st, they would give a reception in the church parlors in honor of the two new Methodist pastors and their families.

Mr. Tigner has only lately recovered from what appeared an attack of meningitis of the brain. The News is delighted to see its friend still among his fellow citizens, among whom he will always exercise well the responsibilities of a good man.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 16th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder, and corrected that too frequent action of the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"93" HAIR TONIC

Our faith in the superior remedial qualities of Rexall "93" Hair Tonic is so strong that we promise to return your money—without question or quibble—if it does not do what we claim it will.

Because it contains Resorcin, Beta Naphthol, Pilocarpin, Borax, Glycerin and Alcohol in perfect combination, Rexall "93" Hair Tonic provides the softening, cleansing, antiseptic, germicidal, stimulating and nourishing properties, so desirable and necessary for the successful treatment of scalp and hair troubles.

If used according to directions for a reasonable length of time, we are absolutely positive that it will thoroughly cleanse the scalp and hair, relieve irritation, eradicate dandruff, stimulate the hair follicles and papilla, revitalize and nourish the hair roots, stop falling hair, prevent baldness, promote hair growth and make the hair naturally soft and silky.

You must realize that we would not dare back up our claims with such a liberal offer unless we were positive that we can substantiate our statements in every particular, and the most skeptical person should at least be willing to try Rexall "93" Hair Tonic at our risk.

GOV. HASKELL ON PROHIBITION

Oklahoma City, Nov. 24.—In spite of the defeat of the dispensary at the last election, Gov. C. N. Haskell believes that a re-submission of the prohibition question would tally a vote for state-wide prohibition without the dispensary provision.

"I believe that the dispensary was defeated by the prohibitionists themselves," said the governor at the Threadgill today. "Scores of them have told me that they could not vote for a measure which committed the state to participation in the liquor traffic, no matter what the motive. If by initiative or referendum the question ever comes up for a popular vote I believe that the state will remain dry."

"While a prohibitionist from principle, as a lawyer I do not believe that the provisions of the enabling act committing the eastern side of the state to prohibition for 21 years, could be held binding in the face of an adverse popular vote. Those provisions of the act which are an interference in the local affairs of the people are not binding if the vote of the people so decide. The same principle applies to a vote upon which the removal of the state capital. If the people decide to remove it, no provision of the enabling act will stand in the way, is my contention."

"All provisions of the Billups law operative after the closing of the dispensary will be strictly enforced. Plans are being discussed to provide for stricter enforcement upon the part of those county officers who have undertaken to wink at the prohibition law upon the ground that the vote upon the dispensary voiced a desire upon the part of the people for non-enforcement. Officers have the duty of obeying the law, not of interpreting it."

THREE NEGROES LYNCHED.

They Killed One Deputy Sheriff and Wounded Another.

Union City, Tenn., Nov. 24.—The little town of Tiptonville, bordering on Reelfoot Lake, which has been the scene of many stirring incidents of the past month, witnessed the lynching late this afternoon of three negroes who were arrested this morning for murdering Special Deputy Sheriff Richard Burrows and fatally wounding Hall, a deputy Sheriff.

These brothers created a disturbance at a religious meeting near Tiptonville Saturday night, and when the two deputies attempted to arrest them, a fight ensued in which the negroes came out victorious and made their escape. It was barely daylight Sunday

morning before a posse from Tiptonville and surrounding country was in pursuit of the negroes, but the negroes successfully eluded the posse until 8 o'clock this morning, when they were surrounded and captured in a swamp near the village of Ridgely.

A special term of court was called and a speedy trial given the negroes, who were sentenced to death, but before the officers of the law could carry out the mandate of the court, a mob that had been impatient to hang the negroes, proceeded to do so at once.

TOWNSHIP TRUSTEES.

Plans Formulated for Needed Legislation to Be Presented.

Oklahoma City, Nov. 24.—Passing resolutions recommending legislation on matters which they believe to be vital to the interests of rural communities throughout the state and providing for the maintenance of a lobby to carry the measures desired through the legislature the Oklahoma township trustees adjourned their convention yesterday afternoon after a successful two days' session.

The following is the substance of the work of the convention:

Public roads clear of weeds, grass and brush.

A two-dollar poll tax for all able-bodied men under 50 years of age.

Salaries of \$3 per day for road supervision by trustees.

Road labor by convicts sentenced to more than 10 days.

Two county roads, crossing in center near county seat.

Appraisal of school lands by township boards.

The assessment of dogs for good roads revenue.

No more experiments with a county assessor law.

Legislation for good roads and a legislative committee to lobby for the same.

FIFTY MILLIONS WORTH STEEL.

Continued Trade Recovery Causes Pennsylvania Road to Invest.

Chicago, Ill., Nov. 24.—Continued trade recovery, it is intimated, will speedily result in large outlays of new capital by the Pennsylvania road for improvements which have been delayed in consequence of the stress in the times. Were the tonnage to be transported to increase much beyond the present volume the road would find itself as hard pressed for equipment as it was before the period of depression. Officials of the road say that within the next three months the road will place contracts for \$50,000,000 worth of steel rails and equipment. The placing of these orders should of themselves bring about a great revival in industrial activity.

FATALLY WOUNDED HIS WIFE.

Grover C. Whitaker Shoots Her After a Separation.

Oklahoma City, Nov. 24.—Enraged because of repeated failures to induce his wife to return to him, crazed by insane jealousy, Grover C. Whitaker, 30, salesman, shot and probably fatally wounded his wife, Ollie Kallian Whitaker, 24, during a discussion. Whitaker escaped.

Mrs. Whitaker is lying at St. Anthony's hospital, her spine shattered by a bullet and her body paralyzed from the waist down.

SEVERED THE WOMAN'S HEAD

Pittsburg, Kan., Nov. 24.—Following a neighborhood quarrel at Corona, 20 miles south of here, Ezekiah Stradler, a carpenter aged 20 years, slashed Mrs. Butts, his next door neighbor with a razor, cutting her head entirely off. The murdered woman was housekeeper for Stradler's cousin who lived next door to him. Trouble started between Stradler's wife and Mrs. Butts following an old neighborhood feud. The men folks, it seems, had not been paying much attention to the trouble between the two women but when the trouble broke out again and angry words were hurled across the back yard fence, the Butts woman picked up a brick and hurled it at Mrs. Stradler cutting a gash in her mouth. Mr. Stradler then took a hand and getting his razor attacked the Butts woman. He made one slash with the razor and the head of Mrs. Butts was cut off, clean, at the shoulders the head rolling into the yard while the body of the

murdered woman fell bleeding at his feet. Stradler hurling the razor to the ground, bade his wife notify the officers and gave himself up.

WEST WILL NOT LAY DOWN.

Will Carry Standard Oil Fight to the Supreme Court.

Tulsa, Ok., Nov. 24.—That Attorney General West does not mean to lay down in his fight to compel the Prairie Oil and Gas Company, subsidiary to the Standard Oil Company to domesticate under the laws of Oklahoma is apparent from a letter from him received by the board of commissioners of Tulsa county today, in which West asks if the commissioners have granted the Prairie Oil and Gas Company a permit to lay a pipe line across the county, and, if so, he wants a certified copy of the order.

Some here believe that the doughty attorney general intends to carry up to the supreme court of the United States the fight which divided into two camps the executive and local head of the state.

Rock asphalt such as is in stone throwing distance of Ada is said to make the finest paving material of anything With unlimited asphalt and cement rock surrounding us not only the streets can be paved but the roads Macadamized

General prosperity is aught and it is necessary to instill confidence but each and every community town city and state must do its own work of material development If local improvements are made local industries sustained local institutions patronized local prosperity will be the result

If Ada has grown to its present gratifying proportions when only a small part of the farming land surrounding it was cultivated what will be the result when nearly all of it will be well tilled? And again the cement plant and lesser industries will be constantly expanding while new ones will be added then still further the paving of streets building sidewalks constructing public buildings and private investments necessitated by these changed conditions will more than double Ada's population in two years or less

MEN'S HONOR SAVED.

A Man Found Who Will Crush Arrogance and Lead to Certain Victory.

To the Editor of the Daily News
Dear Sir—On yester day the Sons of Adam were shamefully unmercifully and outrageously slandered through the columns of your paper by the late daughters of Mother Eve and if you will be so kind as to give us space we wish to make reply and resent the extravagant and preposterous statements which were calculated to destroy our honor, fame and reputation and drag us down in the muck of mud and humiliation

Now the Sons of Adam duly as scolded do unhesitatingly accept the snuff challenge made by the Daughters of Eve and court a speedy decision of the same We are aware of the fact that they very modestly (?) boast of how they can spell that what they do not know has been torn out of the speller but to hear them otheep no fair-minded person would hesitate to say that it was foreign to any modern speller and would of necessity be torn out of the book as such words and spelling never occur between the lids of any modern speller No not even is modern is Webster's Old Blue Book Then spelling is so antiquated that even old Mother Eve would blush with shame to know that her late daughters were perpetrating a non-sensical thing like that

Quoting from yesterday's News
"One energetic young woman who can spell can down a hundred good-for-nothing fellows who can't spell."
Notice the words. It is an acknowledgment within itself the absurdity of their imputed statements Where O where is she the gifted one who can work such wonders amidst the masculine gender and can out of one phrase without an aid word or explanation? Not quoting from the Apostle Paul Women without idle words and evil sayings are dead Also say me a woman without idle words and I will show you 10000 with both

Sett around you can't be a woman in who can spell Whom the serpent bit in the end and a man to put to the test for him a man who prepared to take out Waterloo and to heroes in the state No such word is deficit in our speller We are sure that the daughters will continue to cross their fingers after they are unable to speak spellers but that is unavoidable Sincerely yours

THE MEN

P. S. This cause is a findable one and is worthy of attention as our children should have pure water to drink at school As stated the price of admission is 10c (the men who will not spell 1c Women who will not spell 2c)

GRAND LEADER

AN ELEGANT ENTERTAINMENT.

Ada Ladies of Angelo Grove No. 42 Do Themselves Proud.

Supreme Guardian, Mrs. Emma B. Manchester of Omaha, Neb., and Mrs. M. G. Meadows, state manager of Oklahoma, were entertained Saturday evening by Angelo Grove No. 42 of Ada.

Early in the evening, a splendid gathering met in Odd Fellows' hall to greet the distinguished visitor, and among the Groves represented from other towns were: Roff, Center, Konawa and Stonewall.

Supreme Guardian showered many compliments on Oklahoma's great increase in the past few years, an increase from a little more than 300 to more than 4,300 in the state of Oklahoma, and the entire order numbering a mighty host of 60,000 and a surplus of \$1,000,000.

The distinguished visitor paid many compliments to the good work done by the state manager, Mrs. M. G. Meadows and declared that as an organizer and worker she had no equal, and congratulated the order in state of Oklahoma on their peerless leader.

After addresses were made by several of the visitors, a splendid musical program was rendered and delightful refreshments were served.

The visitors left Sunday for Shawnee and Oklahoma City.

SOMETHING DOING.

The tilt on between the fathers and the mothers argumentative as to whether the Daughters of Eve can out-spell the Sons of Adam may result in one of the dog-gonest spelling matches you ever "seen."

It is probable that Tom Chambliss of Stratford, the greatest speller Arkansas ever had, will be sent for when the big spelling bee is pulled off.

The People Who Put the Price Down

STATUS OF THE RODDIE CASE.

It Is Virtually Dismissed in Justice's Court.

Oklahoma City, Okla., Nov. 23.—"Continued indefinitely," is the entry after the name of State vs. Senator Roddie, of Ada, on the books in a local justice's court.

This is accepted as an admission that the alleged charge of embezzlement brought against Roddie by a local insurance agent for whom Roddie worked some months ago, will never be brought to trial.

Roddie is demanding immediate trial.

The published statement that he was pinched at a legislative banquet here a few nights ago, is an error. Roddie voluntarily went before a justice unescorted by an officer, and unknown to them, and made bond, asking that he be given a speedy trial. On the day the case was to be heard a continuance was asked for by the state.

The charge preferred against Roddie is the result of a disagreement between him and the state agent for a life insurance company. The accounting of money for policies is said to be the basis, although the complaint itself does not specify any particular item, merely charging embezzlement.

Several damage suits are liable to grow out of the case, as Roddie insists that he has evidence to prove that it is merely a case of persecution on the part of a jealous insurance agent with whom he was once connected in a business capacity.

At Mrs. Chauncey's.

Monday afternoon at Mrs. Chauncey's residence, the ladies of the Home and Foreign Mission Societies joined in a Thanksgiving service.

An unusually interesting program was rendered, making the hour one of pleasure and profit.

A short business session was held, after which the guests were agreeably surprised (not much surprised at Mrs. Chauncey's either) when they were served with delightful cake and fruit gelatine with whipped cream.

The ladies agreed that on Tuesday night, Dec. 1st, they would give a reception in the church parlors in honor of the two new Methodist pastors and their families.

Mr. Tigner has only lately recovered from what appeared an attack of meningitis of the brain. The News is delighted to see its friend still among his fellow citizens, among whom he will always exercise well the responsibilities of a good man.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 18th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder, and corrected that too frequent action of the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

GOV. HASKELL ON PROHIBITION

Oklahoma City Nov. 21.—In spite of the defeat of the dispensary at the last election Gov. C. N. Haskell believes that a re-submission of the prohibition question would draw a vote for state-wide prohibition without the dispensary provision.

I believe that the dispensary was letted by the prohibitionists, he said, and that it is a mistake to think that the prohibitionists are against the dispensary. He said that the prohibitionists are not against the dispensary, but they are against the sale of liquor for profit.

While a prohibitionist, he said, he would not have been a prohibitionist if he had not been a prohibitionist. He said that the prohibitionists are not against the dispensary, but they are against the sale of liquor for profit.

All provisions of the Bill are in effect after the coming of the dispensary will be strictly enforced. He said that the dispensary will be strictly enforced.

SEVERED THE WOMAN'S HEAD

Pittsburg Kan. Nov. 21.—Following a neighborhood quarrel in Coffey 20 miles south of here, H. C. Stradler, a carpenter, aged 21 years, slashed Mrs. Butts, his next-door neighbor with a razor cutting her head entirely off. The murdered woman was housekeeper for Stradler's cousin who lived next door to him. Trouble started between Stradler's wife and Mrs. Butts following an old neighborhood feud. The men folks it seems had not been paying much attention to the trouble between the two women but when the trouble broke out again and angry words were hurled across the backyard fence the Butts woman picked up a brick and hurled it at Mrs. Stradler cutting a gash in her forehead. Mr. Stradler then took a hand and getting his razor attacked the Butts woman. He made one slash with the razor and the head of Mrs. Butts was cut off clean at the shoulders the head rolling into the yard while the body of the

WEST WILL NOT LAY DOWN.

Will Carry Standard Oil Fight to the Supreme Court.

Tulsa Ok. Nov. 21.—That Attorney General West does not mean to lay down in his fight to compel the Prairie Oil and Gas Company subsidiary to the Standard Oil Company to domesticate under the laws of Oklahoma is apparent from a letter from him received by the board of commissioners of Tulsa county today in which West asks if the commissioners have granted the Prairie Oil and Gas Company a permit to lay a pipe line across the county and if so he wants a certified copy of the order.

Some here believe that the doughty attorney general intends to carry up to the supreme court of the United States the fight which divided into two camps the executive and local head of the state.

THREE NEGROES LYNCHED.

They Killed One Deputy Sheriff and Wounded Another.

Tulsa City Tenn. Nov. 21.—The little town of Tiptonville bordering on Reelfoot Lake which has been the scene of many stirring incidents of the past month witnessed the lynching late this afternoon of three negroes who were arrested this morning for murdering Special Deputy Sheriff Richard Burrows and fatally wounding Hall a deputy Sheriff.

These brothers created a disturbance at a religious meeting near Tiptonville Saturday night and when the two deputies attempted to arrest them a fight ensued in which the negroes came out victorious and made their escape.

FIFTY MILLIONS WORTH STEEL.

Continued Trade Recovery Causes Pennsylvania Road to Invest.

Chicago Ill. Nov. 21.—Continued trade recovery it is intimated will speedily result in large outlays of new capital by the Pennsylvania road for improvements which have been delayed in consequence of the stress in the times. Were the tonnage to be transported to increase much beyond the present volume the road would find itself as hard pressed for equipment as it was before the period of depression. Officials of the road say that within the next three months the road will place contracts for \$50,000,000 worth of steel rails and equipment. The placing of these orders should of themselves bring about a great revival in industrial activity.

THINK HE'S STILL IN THE RING

Oklahoma City, Nov. 24.—Governor Haskell does not regard the results of the last election as an unwelcome elimination from the national or state politics. The republican newspapers of the state have been busy eliminating me ever since I was a candidate for governor and thus far have not made much progress, said Haskell. I have been in politics all my life and even were I to return to private life at the end of my term as governor I should always take an active interest in politics. Above all I shall live to make a living for myself and family which with the present demands upon me is a matter of some difficulty with the governor's salary. Do not understand me to say that I am seeking office after my term as governor expires. I merely mean that I am now in the same state of mind about the future as I was before the election. If affairs shape themselves so that the party and the state believes that I can serve them and the sacrifice up on my private affairs is not too great I will be willing to take up the fight for good government at any time.

WAIVED PRELIMINARY HEARING

Chas. Marshall Putnam, who shot Clarence Lee and whose death later resulted from the wound appeared before Esq. Brown in Ada today and entered a plea of not guilty and waived a preliminary hearing. Last Saturday Clarence Lee was raising a disturbance at Allen and when Marshall Putnam attempted to arrest him resisted in the scuffle, each had possession of the officers' pistol but Putnam finally secured it and shot Lee through the body just below the heart from which he died next day. The witnesses from Allen today in the Putnam case were as follows: Prof. A. D. Balton, Jim Story, John Miller, W. N. Jones, Sweetman, D. D. Clanson. Putnam was bound over to the grand jury in the sum of \$2,000 which bond he readily made. Fire Loss Settled. J. H. Sumpter whose stock of goods was burned recently at Frisco station on the O. C. was in Ada today to effect a settlement of his insurance. The stock was insured for \$3,000 but owing to the shape of his books he received only \$2,000 insurance. The store house which belonged to Gov. Byrd, was insured for \$500, but that has not yet been settled.

Killed By Justice of Peace. Broken Arrow, Ok. Nov. 24.—H. P. Luckingbell, a farmer living six miles north of here was shot and instantly killed by John Farmer, justice of the peace of that neighborhood, late this afternoon. The killing was the result of a quarrel over some over-ripe corn which Luckingbell claimed Farmer owed him. The dead man leaves a wife and six children. Slayers Wanted. The singers from the various churches who will assist in the Thanksgiving service tomorrow, will please meet at the Methodist church tonight immediately after prayer meeting will close promptly at 8:30.

Rock asphalt, such as is in stone throwing distance of Ada, is said to make the finest paving material of anything. With unlimited asphalt and cement rock surrounding us, not only the streets can be paved, but the roads Macadamized.

General prosperity is alright, and it is necessary to instill confidence but each and every community, town, city and state, must do its own work of material development. If local improvements are made, local industries sustained, local institutions patronized, local prosperity will be the result.

If Ada has grown to its present gratifying proportions when only a small per cent of the farming land surrounding it was cultivated, what will be the result when nearly all of it will be well tilled? And again, the cement plant and lesser industries will be constantly expanding, while new ones will be added. Then, still further, the paving of streets, building sidewalks, constructing public buildings and private investments, necessitated by these changed conditions, will more than double Ada's population in two years or less.

One consolation Tom Johnson will have, and that is that while he is broke, and must give up his palatial Euclid avenue home and automobiles, there are a few people who were never able to own a palatial home or an automobile. Tom will have plenty of company—Oklahoma City Times.

Mayor Tom Johnson has proven that he is a philosopher—as well as a nervy. He does not whine, but says that he will enjoy life to again be in a cottage, as he did when living there before. It takes a big man to lose as does Tom Johnson, and those kind of men will not stay down long. It is unfortunate that such men have to be heavy losers, but it affords an example of courageous manhood that benefits mankind.

MEN'S HONOR SAVED.
A Man Found Who Will Crush Arrogance and Lead to Certain Victory.

To the Editor of the Daily News.
 Dear Sir:—On yesterday, the Sons of Adam were shamefully, unmercifully and outrageously slandered through the columns of your paper by the fair daughters of Mother Eve, and if you will be so kind as to give us space, we wish to make reply and resent the extravagant and preposterous statements which were calculated to destroy our honor, fame and reputation and drag us down in the mire of clay of humiliation.

Now, the Sons of Adam duly assembled do unhesitatingly accept the saucy challenge made by the Daughters of Eve and court a speedy decision of the same. We are aware of the fact that they very modestly (?) boast of how they can spell. That what they do not know has been torn out of the speller, but to hear their orthodoxy no fair-minded person would hesitate to say that it was foreign to any modern speller and would of necessity be torn out of the book as such words and spelling never occur between the lids of any modern speller. No, not even as modern as Webster's Old Blue Back. Their spelling is so antiquated that even old Mother Eve would blush with shame to know that her fair daughters were perpetuating a non-sensical thing like that.

Quoting from yesterday's News: "One energetic young woman who can spell can down a hundred good-for-nothing fellows who can't spell." Notice the wording. It is an acknowledgment within itself the absurdity of their unmitigated statements. Where, O where, is she, the gifted one who can work such wonders amidst the masculine gender and can utter one phrase without an idle word or exaggeration? Not quoting from the Apostle Paul Women without idle words and exaggerations are dead. Also show me a woman without idle words and I will show you 10,000 with both.

Send around your energetic young woman (who can spell?) Whom the serpent hath beguiled and tempts man to partake of the forbidden fruit. We are prepared not to take our "Waterloo," but to be heroes in the strife. No such word as "defeat" in our speller. We realize that the daughters will continue to cross their fingers after they are unable to speak "scissors" but that is unfavorable.

Sincerely yours,

THE MEN.

P. S. This cause is a laudable one and is worthy of attention as our children should have pure water to drink at school. As stated the price of admission is 10c. (The men who will not spell 15c. Women who will not spell 25c.)

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

GRAND LEADER

AN ELEGANT ENTERTAINMENT.

Ada Ladies of Angelo Grove No. 42 Do Themselves Proud.

Supreme Guardain, Mrs. Emma B. Manchester of Omaha, Neb., and Mrs. M. G. Meadows, state manager of Oklahoma, were entertained Saturday evening by Angelo Grove No. 42 of Ada.

Early in the evening, a splendid gathering met in Odd Fellows' hall to greet the distinguished visitor, and among the Groves represented from other towns were: Roff, Center, Konawa and Stonewall.

Supreme Guardian Stenewall made compliments on Oklahoma's great increase in the past few years, an increase from a little more than 300 to more than 4,300 in the state of Oklahoma, and the entire order numbering a mighty host of 60,000 and a surplus of \$1,000,000.

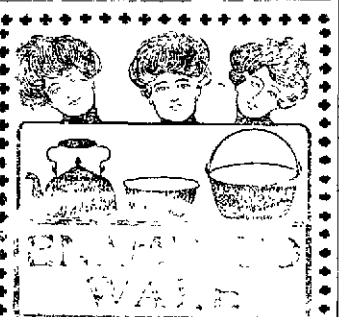

The distinguished visitor paid many compliments to the good work done by the state manager, Mrs. M. G. Meadows and declared that as an organizer and worker she had no equal, and congratulated the order in state of Oklahoma on their peerless leader.

After addresses were made by several of the visitors, a splendid musical program was rendered and delightful refreshments were served. The visitors left Sunday for Shawnee and Oklahoma City.

STATUS OF THE RODDIE CASE.

It Is Virtually Dismissed in Justice's Court.

Oklahoma City, Okla., Nov. 23.—"Continued indefinitely," is the entry after the name of State vs. Senator Roddie, of Ada, on the books in a local justice's court.

This is accepted as an admission that the alleged charge of embezzlement brought against Roddie by a local insurance agent for whom Roddie worked some months ago, will never be brought to trial. Roddie is demanding immediate trial.

The published statement that he was pinched at a legislative banquet here a few night ago, is an error. Roddie voluntarily went before a justice unescorted by an officer, and unknown to them, and made bond, asking that he be given a speedy trial. On the day the case was to be heard a continuance was asked for by the state.

The charge preferred against Roddie is the result of a disagreement between him and the state agent for a life insurance company. The accounting of money for policies is said to be the basis, although the complaint itself does not specify any particular item, merely charging embezzlement.

Several damage suits are liable to grow out of the case, as Roddie insists that he has evidence to prove that it is merely a case of persecution on the part of a jealous insurance agent with whom he was once connected in a business capacity.

At Mrs. Chauncey's.

Monday afternoon at Mrs. Chauncey's residence, the ladies of the Home and Foreign Mission Societies joined in a Thanksgiving service.

An unusually interesting program was rendered, making the hour one of pleasure and profit.

A short business session was held, after which the guests were agreeably surprised (not much surprised at Mrs. Chauncey's either) when they were served with delightful cake and fruit gelatine with whipped cream.

The ladies agreed that on Tuesday night, Dec 1st, they would give a reception in the church parlors in honor of the two new Methodist pastors and their families.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 600 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

W. Y. Littlefield, living on W. 16th street, Ada, Okla., says: "I procured Doan's Kidney Pills at G. M. Ramsey's drug store, and found most prompt and genuine relief from an aching through the small of my back, that had caused me much misery for a long time. Doan's Kidney Pills not only relieved the distressing symptoms of kidney disorder, and corrected that too frequent action of the kidney secretions, but also caused the burning sensation that had accompanied the passages of the secretions to completely disappear. I am only too glad to recommend Doan's Kidney Pills to other sufferers of kidney complaint as they proved of more benefit to me than any remedy I had previously used."

For sale by all dealers. Price 50c, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

SEVERED THE WOMAN'S HEAD

Pittsburg Kan. Nov. 21.—Following a neighborhood quarrel at Corn 20 miles south of here, Heciah Stradler, a cigarette used 21 years slashed Mrs. Butts' next door neighbor with a razor cutting her head entirely off. The murdered woman was housekeeper for Stradler's cousin who lived next door to him. Trouble started between Stradler's wife and Mrs. Butts following an old neighborhood feud. The men folks it seems had not been paying much attention to the trouble between the two women but when the trouble broke out again and angry words were hurled across the back yard fence the Butts woman picked up a brick and hurled it at Mrs. Stradler cutting a gash in her mouth. Mr. Stradler then took a hand and getting his razor attacked the Butts woman. He made one slash with the razor and the head of Mrs. Butts was cut off clean at the shoulders the head rolling into the yard while the body of the

murdered woman fell bleeding at his feet. Stradler holding the razor to the ground, his wife noting the one is and the other is up.

WEST WILL NOT LAY DOWN.

Will Carry Standard Oil Fight to the Supreme Court.

Tulsa Ok. Nov. 21.—That Attorney General West does not mean to lay down in his fight to compel the Prairie Oil and Gas Company subsidiary to the Standard Oil Company to domesticate under the laws of Oklahoma is apparent from a letter from him received by the board of commissioners of Tulsa county today, in which West asks if the commissioners have granted the Prairie Oil and Gas Company a permit to lay a pipe line across the county and if so he wants a certified copy of the order.

Some here believe that the doughty attorney general intends to carry up to the supreme court of the United States the fight which divided into two camps the executive and local head of the state.

THREE NEGROES LYNCHED.

They Killed One Deputy Sheriff and Wounded Another.

Union City Tenn. Nov. 24.—The little town of Tiptonville bordering on Reelfoot Lake which has been the scene of many stirring incidents of the past month witnessed the lynching late this afternoon of three negroes who were arrested this morning for murdering Special Deputy Sheriff Richard Burrows and fatally wounding Hall a deputy Sheriff.

These brothers created a disturbance at a religious meeting near Tiptonville Saturday night and when the two deputies attempted to arrest them a fight ensued in which the negroes came out victorious and made their escape.

FIFTY MILLIONS WORTH STEEL.

Continued Trade Recovery Causes Pennsylvania Road to Invest.

Chicago Ill. Nov. 21.—Continued trade recovery it is intimated will speedily result in large outlays of new capital by the Pennsylvania road for improvements which have been delayed in consequence of the stress in the times. Were the tonnage to be transported to increase much beyond the present volume the road would find itself as hard pressed for equipment as it was before the period of depression. Officials of the road say that within the next three months the road will place contracts for \$50,000,000 worth of steel rails and equipment. The placing of these orders should of themselves bring about a great revival in industrial activity.
